

Billings School District 2

INSTRUCTION

Traffic Education

Students fifteen (15) years old or older, or who will reach their fifteenth (15th) birthday within six (6) months of the course completion, are eligible to enroll in a traffic education program. Students wishing to participate are selected by random drawing.

The purpose of the program is to introduce students to a course of study that should lead to the eventual development of skills appropriate for a licensed driver. The traffic education program is designed to meet the criteria established by the Superintendent of Public Instruction. These criteria include requirements for instructional time, for instructor certification, recommendations for course of study and reimbursement procedures.
